... in collaboration with Janet Stevens
and Susan Stevens Crummel ...

present:

The Squirrel Sisters

a tale of two sisters

This 17 minute SpotLight Video is the first of its kind. No other "author bio" weaves so many threads together:

- **The collaboration thread** reveals how Janet and Susan work together to create a story

- **The writing thread** talks about the writing process:
starting with ideas ...

- working the ideas into a story with a beginning, middle, and end*
 - sending it off to the editor--"The Little Red Pen"*
 - rewriting and revising and sending it off again to LRP*
 - more rewriting and revising*

- **The story thread** tells the tale of two squirrel sisters and is loosely based on the Stevens sisters' life.

- **The biography thread** tracks the real sisters as they grow up to become writer and illustrator.
